

Ames Rifle and Pistol Club
Egg Shoot Results
May 15, 2016

On one of the worst weather days for egg shoots in recent memory the group had some outstanding scores and a great time. It was partly sunny, the temperature was 50 to 60, and we had a W (cross wind) to NW wind of 15 to 20 with gusts of 25 - 30 mph. To add insult to injury, when the sun was out we had a significant drifting mirage as well.

15 people came to the bench shooting in 6 of the 10 classes with the following results. We had no shooters in the 100 yard iron sight class or the straight factory classes at 100, 200 and 300 yards.

(# eggs / # shots)

100 Yard 22 RF factory

1. Tony B. 10/28

100 Yard Super Stock

1. Dave F. 15/21
